At Hawaii Family Dental Centers, we excel in the latest, cutting edge technologies, such as our self-ligating braces and digital radiography. We are also the Preferred Provider for Invisalign clear aligners. All of our staff members are evaluated both on basic knowledge and hands-on skills before taking on active duties, and our dentists are retrained periodically on the latest technology and innovative treatments. This ongoing training helps to improve the quality and overall performance of our orthodontic care.

Dr. Grace Chen graduated from the University of Minnesota with High Distinction and received her certificate in Orthodontics from the University of Colorado Health Sciences Center. Dr. Chen joined Hawaii Family Dental Centers in 2007 and is proud to be working among the finest.

In her spare time, Dr. Chen enjoys reading novels, hiking and traveling around the world with her family.
